# NOBIS

Nordic Orthopaedic Bone Infection Symposium

# Join us at NOBIS 2026

Following the success of the inaugural Nordic Orthopaedic Bone Infection Symposium (NOBIS 2024) in Copenhagen, we are excited to invite you to the 2nd edition – NOBIS 2026, taking place 29–30 January 2026 at Hotel Säröhus, just 20 minutes from Gothenburg, Sweden.

NOBIS provides a platform for orthopaedic surgeons, infection specialists, and clinical microbiologists to exchange knowledge and expertise, with the aim of fostering collaboration across Scandinavia.

NOBIS aims to enhance the collective understanding of the challenges in diagnosing, managing, and treating bone and joint infections. By highlighting the importance of multidisciplinary cooperation, the symposium seeks to promote advances in both surgical and medical strategies for better patient outcomes.

By supporting NOBIS, you engage directly with a dedicated, multidisciplinary audience and position your company at the forefront of developments in this important field.

We look forward to welcoming you to Säröhus – and to NOBIS 2026!

On behalf of

## The Local Organising Committee

### Anders Jönsson

Department of  
Orthopaedic Surgery,  
Sahlgrenska University  
Hospital, Sweden

### Claes Olsson

# The symposium

## Focus Areas of NOBIS

- **Advancing Knowledge**

Promote both theoretical insights and practical expertise in musculoskeletal infections – whether you are a future specialist or already working with osteomyelitis, periprosthetic joint infections, fracture-related infections, and more.

- **Fostering Shared Understanding**

Strengthen a common Nordic perspective on the key challenges in diagnosis, surgical approaches, and medical management of bone and joint infections.

- **Encouraging Multidisciplinary Collaboration**

Enhance cross-disciplinary cooperation among orthopaedic surgeons, infectious disease specialists, and microbiologists throughout the Nordic countries.

The programme features a dynamic blend of international keynote lectures, interactive case discussions, and engaging PRO/CON sessions – all designed to stimulate dialogue and drive innovation in the field.

## Programme topics

- Incidence & Prophylaxis in Bone Infections
- One- vs Two-Stage Revisions in Prosthetic Joint Infections
- Diagnostics and Imaging in Bone Infections
- Surgical Strategies for Osteomyelitis
- Antibiotic Treatment and Resistance Trends
- New Developments in Biofilm Treatment
- Multidisciplinary Approaches to Bone Infection Management
- PRO / CON sessions
- ... and much more

# General information

# Terms & conditions

## Terms of payment

Full payment is due within 14 days of signing the agreement and must be received at least 30 days before the symposium to ensure inclusion in printed materials.

All bookings must be submitted via the online form and include invoice address, VAT number, and PO number (if applicable).

Participation is subject to full payment received before the symposium.

Unpaid bookings will be excluded.

## Cancellation policy

Your booking is confirmed and binding upon order confirmation via email.

If you cancel more than 6 months before the symposium, 75% of the fee will be refunded.

For cancellations made within 6 months, the full fee remains payable and no refund will be issued.

This applies in all cases of withdrawal or non-attendance.

**We hope to welcome you to NOBIS 2026, in Sweden.**

## Contact information

Please contact the Symposium Secretariat, CAP Partner, for booking or questions regarding sponsorships and exhibition.
